HAS FINE CHANCE

MAJOR SURE THAT HE WILL GET STRONG SUPPORT IN CONVENTION.

CAMPAIGN IS TO BE PUSHED

Thinks lowa, Arkansas, Kansas and Oklahoma Almost Sure, and Regards the Far West as Favorable.

Jefferson City. In spite of the tart and acrimonious features incident to his obtaining the indorsement of the Missouri state convention for the vice presidential nomination, Governor Elliott W. Major is smiling and full of optimism in discussing his chances for the nomination in the Democratic National conventon at St. Louis in June.

orable to him. He says that the Iowa delegation of 26 will be his without a contest as his is the only name on the of-

The governor says that the states

adjoining Missouri are the most fav-

ficial ballot. There is no doubt that he wil obtain the Arkansas deegation, he says, and the same is true of Kansas, where a number of counties which have elected delegates have instructed for him. In Oklahoma, Governor Major says the sentiment is distinctly in his fa-

The governor says that he intends

to push his campaign vigorously. The campaign committee of his friends, of which Judge W. W. Graves of the supreme court is chairman and A. Z. Patterson is secretary, is in touch with the situation in all of the southern and eastern states.

Boy Wanted as Murderer.

James Spencer, alias James Gleason, who is serving a two-year term in the Boonville reform school for burglary, was turned over to the Minnesota authorities to be taken back to Minneapolis to answer to the charge of murder in the first degree. He is but 18 years old and is sup-

posed to have been connected with several street car hold-ups in Minne apolis and many other crimes of like nature in other cities. His history, as related by the Min-

nesota officers who came after him, reads like a chapter from a dime novel. Two other poung men, Carl Swanson 19, and Ray Hawes, 26, are implicated with Spencer. Hawes entered a plea of guilty to

the murder of Godfrey Carlson, a Minneapolis butcher, who was shot and killed when he resisted the robbery of his place last October. The slayer is now serving a life sentence in the Stillwater penitentiary.

Swanson is in jail in Minneapolls, where a plea of insanity has been entered as a defense. Swanson and Hawes were arrested in Chicago when planning a robbery, but the latter escaped after he was under arrest and was not caught again until some time

To See Board. A big delegation of St. Louis men

is here to discuss the equalization of taxable values with the state board. That there can be no immediate result is conceded, for, under the laws, there is no chance to go behind the returns as filed by the county assessors, but it is hoped that there may be results in the future in the reforming of the revenue and taxation code of the state.

The glaring deficiencies of the present system are apparent in the fact that the entire burden of the support of the state government falls upon the city of St. Louis, Jackson county and 17 other counties. All of the other counties draw each year out of the state treasury much more money than they pay in.

April 7 is Arbor Day. Governor Major has issued a proc lamation setting aside Friday, April as "Arbor Day," and calling upon the schools of Missouri to suitably observe the day in the beautification of grounds by the planting of trees and flowers and shrubbery.

Howard A. Gass , state supernten dent of education will suggest to the public schools the character of pro gram to render.

Major is Indorsed.

At the recent convention of Democrats in St. Joseph to choose delegates to the national convention in June Governor Major was indorsed for the vice presidency by an overwhelming vote. E. F. Goltra was reelected as chairman of the state Democratic committee.

John Franklin, a ninety-nine year convict, who with Teddy Daly, serving fifty years, made a sensational escape from the officers in Jasper county at Carthage January 16, 1906, has been arrested at Minot, N. D., ac cording to Warden McClung, Ed

Hardin, a penitentiary officer, has

Ten-Year Fugitive Captured.

Franklin and Daly escaped when they were being taken from the pententiary to Joplin to testify in a case where a Joplin policeman had been killed.

Vandiver Withdraws,

gone after Franklin.

Willard D. Vandiver, assistant United States treasurer at St. Louis, re garded as the Folk candidate for the Missouri / gubernatorial nomination, announced his withdrawal from the race. He explained his action by a denunciation of the stand taken by the Democratic state convention at St. Joseph, which indorsed Gov. Major for the Democratic vice presidential nomination. In some quarters the idea is advanced that Mr. Vandiver Democratic ballot as a candidate for has withdrawn in the hope that Hon. vice president. Other states are ask-Joseph W. Folk will be a candidate.

That Missouri is a pearl producing state is probably only known to pearl button manufacturers, jewelers who make a specialty of purchasing such gems, mussel diggers, pearl fishermen and a few others well versed in the cussel resources of Missouri. This information comes in a bulletin from the office of John T. Fitzpatrick, the state commissioner of labor statistics. It was a difficult matter to secure

reliable information on the output of mussel shells and the pearls they yielded, but such information which is at hand is to the effect that 841 Missouri mussel diggers and pearl hunters earned \$68,062 as a result of the work last year. Of this portion \$18,358 is allowed for the pearls that were found in the mussel shells, and \$49,704 for the shells after they had been cleaned and were ready to send to the factories to be made into pearl buttons. The quantity of shells marketed was 2,957 toms, some of which came from the Mississippi river north of its confluence with the Missouri, and some from the Osage, Meramec, Bourheuse, Marais des Cygnes, St. Francis, Black, White, Current, Gasconade. Platte, Grand, Chariton, Caston and other streams of north and south Missouri. It was found a difficult matter to separate Missouri's portion of pearls and shells from that which belonged to the states of Arkansas and Kansas, and the figures herewith submitted must be accepted

Bank Petitions Filed.

The recent convention in St. Joseph gave all the land bank advocates from various sections of the state an opportunity to become acquainted. Col. Fred D. Gardner of St. Louis the author of the Missouri Land Bank Act, and who is spending all his spare time explaining and advocating this proposition, addressed a meeting of

those interested. A survey of the situation revealed that 25,000 voters of the state have signed initiative petitions which is to give the proposed amendment life and activity. There are now in circulation more than 2,000 petitions, and each mail brings in more to the secretary of the state committee. The law requires the signatures of five per cent of the voters for judge of the supreme court at the last elecction, which means the votes cast for all nominees, and not more than eight per cent. It is figured 35,000 names are all that is needed. The indications are that there will be 50,000 signatures on hand by April 1, with more to come in daily.

Post-Card Primary.

A post-card "elimination" primary recently held in Lincoln county setties the state senatorship in the eleventh district made of Audrain, Lincoln and Pike counties. This is the district represented in the last two sessions of the legslature by Robert D. Rogers of Mexico, Audrain county.

Under the unwritten law of rotation prevailing in the district it was Lincoln county's time to put forward a candidate, who as the district is Democratic, will be elected in November, Jesse J. Duncan, who represented Lincoln in the lower house of the

last assembly and J. B. Creech were the candidates. By mutual agreement it was decided to leave the result to a postcard primary under rules prescribed by frends of both contestants. The result was a majorty of 57 for Dun-

can out of a total vote of nearly 1,200

cast State Factory Closed Down.

Owing to his inability to obtain sisal fiber from Mexico for the manufacture of binding twine, Warden Mc-Clung has been forced to close down the prison twine plant, which has been in operation since the days of the Dockery administration.

Twine has advanced from 7 to 9 cents a pound and a general shortage all over the country is expected. No one can say when shipments will be renewed from Mexico, badly as the growers there need American money. The legislature did not provide sufficient money to enable the warden go on the market and purchase a big

supply of the fiber when it could have been obtained at an advantageous figure, and as a result of this policy the state stands to lose a large sum of money. This would be a particularly good time to run the plant as the men are mostly idle and the debts are continually piling up against the institu-

The warden says he has about 70 carloads of twine on hand, which will be sold to farmers at the cost of production, and when this supply is exhausted it is not known when the next shipment will be ready.

New Rates Protested.

Two factions from St. Louis appeared before the public service commission wrangling about the new water rates in that city. The water commissioner and his attorney seek to put in force a lower rate than is at present in use, and the civic league is fighting to maintain the old rates."

Drug Seller Convicted. J. H. Klein, a teamster, was sentenced to six months in jail by Judge Van Valkenburgh in the federal court when he pleaded guilty to a charge of carrying drugs into the state prison. Kline's arrest was the result of a at Volcano, Nev., some time ago, was confession in Detroit of a former convict arrested by the government on a charge of illegally dealing in narcotics in which Klein was named. More than 3,000 tablets of a nar-

cotic drug have been seized by the of ficials since the revelations of one week ago.

Postmaster Gets Four Months. John Cramer, former postmaster at Sandy Hook, Mo., entered a plea of guilty in the United States district court to embezzling \$1,069 of the gov ernment's money while postmaster.

and was sentenced to four months.

YOUTOLD METHE TRUTH **AND I WANT THE PEOPLE** TO KNOW IT"

The following unsolicited letter has been received from Mr. J. F. Ward of Donalda, Alberta. It is a plain statement of conditions as Mr. Ward has

"It is with pleas-A Settler's ure I drop a line to you, We had a good year. Off of 65 acres, oats and wheat, I got over 2,500 bushels of wheat and oats. Oats went here from 50 to 100 bushels per acre, and wheat from 25 to 52 per acre. Just see me being here one year and have over 700 bushels of wheat. It is now over \$1.00 per bushel. Oats is 42 cents, and going up. You told me the truth, and I want the people of Toledo to know it. Hogs are 8% cents; cattle are high Canada is good enough for me I have 5 good horses. I sold 2 good colts, 2 cows and 18 head of hogs and killed 2. I have 6 hogs left. I got 400 bushels of potatoes off an acre and a good garden last summer, fine celery and good onions. One neighbor had over 1,200 bushels of wheat, and sold over \$700 of hogs and 2,000 bushels of oats. This is a great country. If you should tell the people of Toledo of this it would get some of them thinking. The soil is a rich black loam, and a pleas-

"We have a good farm. We have a flowing well with soft water. It is the best water in the country. Some people think they got to go to war when they come out here. They need not be afraid of war. There is no war tax on land; only school tax, \$12.00 on 160 acres, and road tax of two days with your team. I tell you the truth, there is no land in or around Toledo as good as our land here in Alberta. If anybody wants to write us, give them our address.

ure to work it.

"We have had nice weather. We have had it quite cold for one week, but no rain and sleet, and the sun shines nearly every day, and it is hot in the sun. Coal is \$2.25 per ton. The people are very nice and good here. We are well enjoying the West. The horses and cows are feeding on the prairies all the winter. We just have two horses in the stable to go to town with. Yours truly, (Sgd.) J. F. WARD, Donalda, Alberta, Feb. 9, 1916."

Statement of Steve Wisconsin, but Schweitzberger moved with my parents when a boy to Stephen Co., Iowa. I was there farming for 50 years. I sold my land there for over \$200 an acre. I moved to Saskatchewan, and located near Briercrest in the spring of 1912. I bought a half section of land. I have good neighbors. I feel quite at home here the same as in Iowa. We have perfect safety and no trouble in living up to the laws in force. My taxes are about \$65 a year on the half section for everything. I have had splendld crops. Wheat in 1915 yielded me over 50 bushels to the acre. That is more than I have ever had in Iowa, and yet the land there costs four times as much as it does here. The man who comes here now and buys land at \$50 an acre or less gets a bargain. (Sgd.) S. Schweitzberger, February 9th, 1916." Advertisement.

TAKE SALTS TO FLUSH KIDNEYS IF BACK HURTS

Says Too Much Meat Forms Uric Acid Which Clogs the Kidneys and Irritates the Bladder.

Most felks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, tornid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithiawater drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious com-

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.-Adv.
